

12-14 July 2011

Dear Sir or Madam,

It is our pleasure to announce the **SONarchitect Workshop 2011** which will be held in the Noble and Loyal Village of Baiona on 12-14 July 2011.

The goal of this workshop is to get a deeper knowledge of the SONarchitect's capabilities for addressing real, full-scale, acoustic projects.

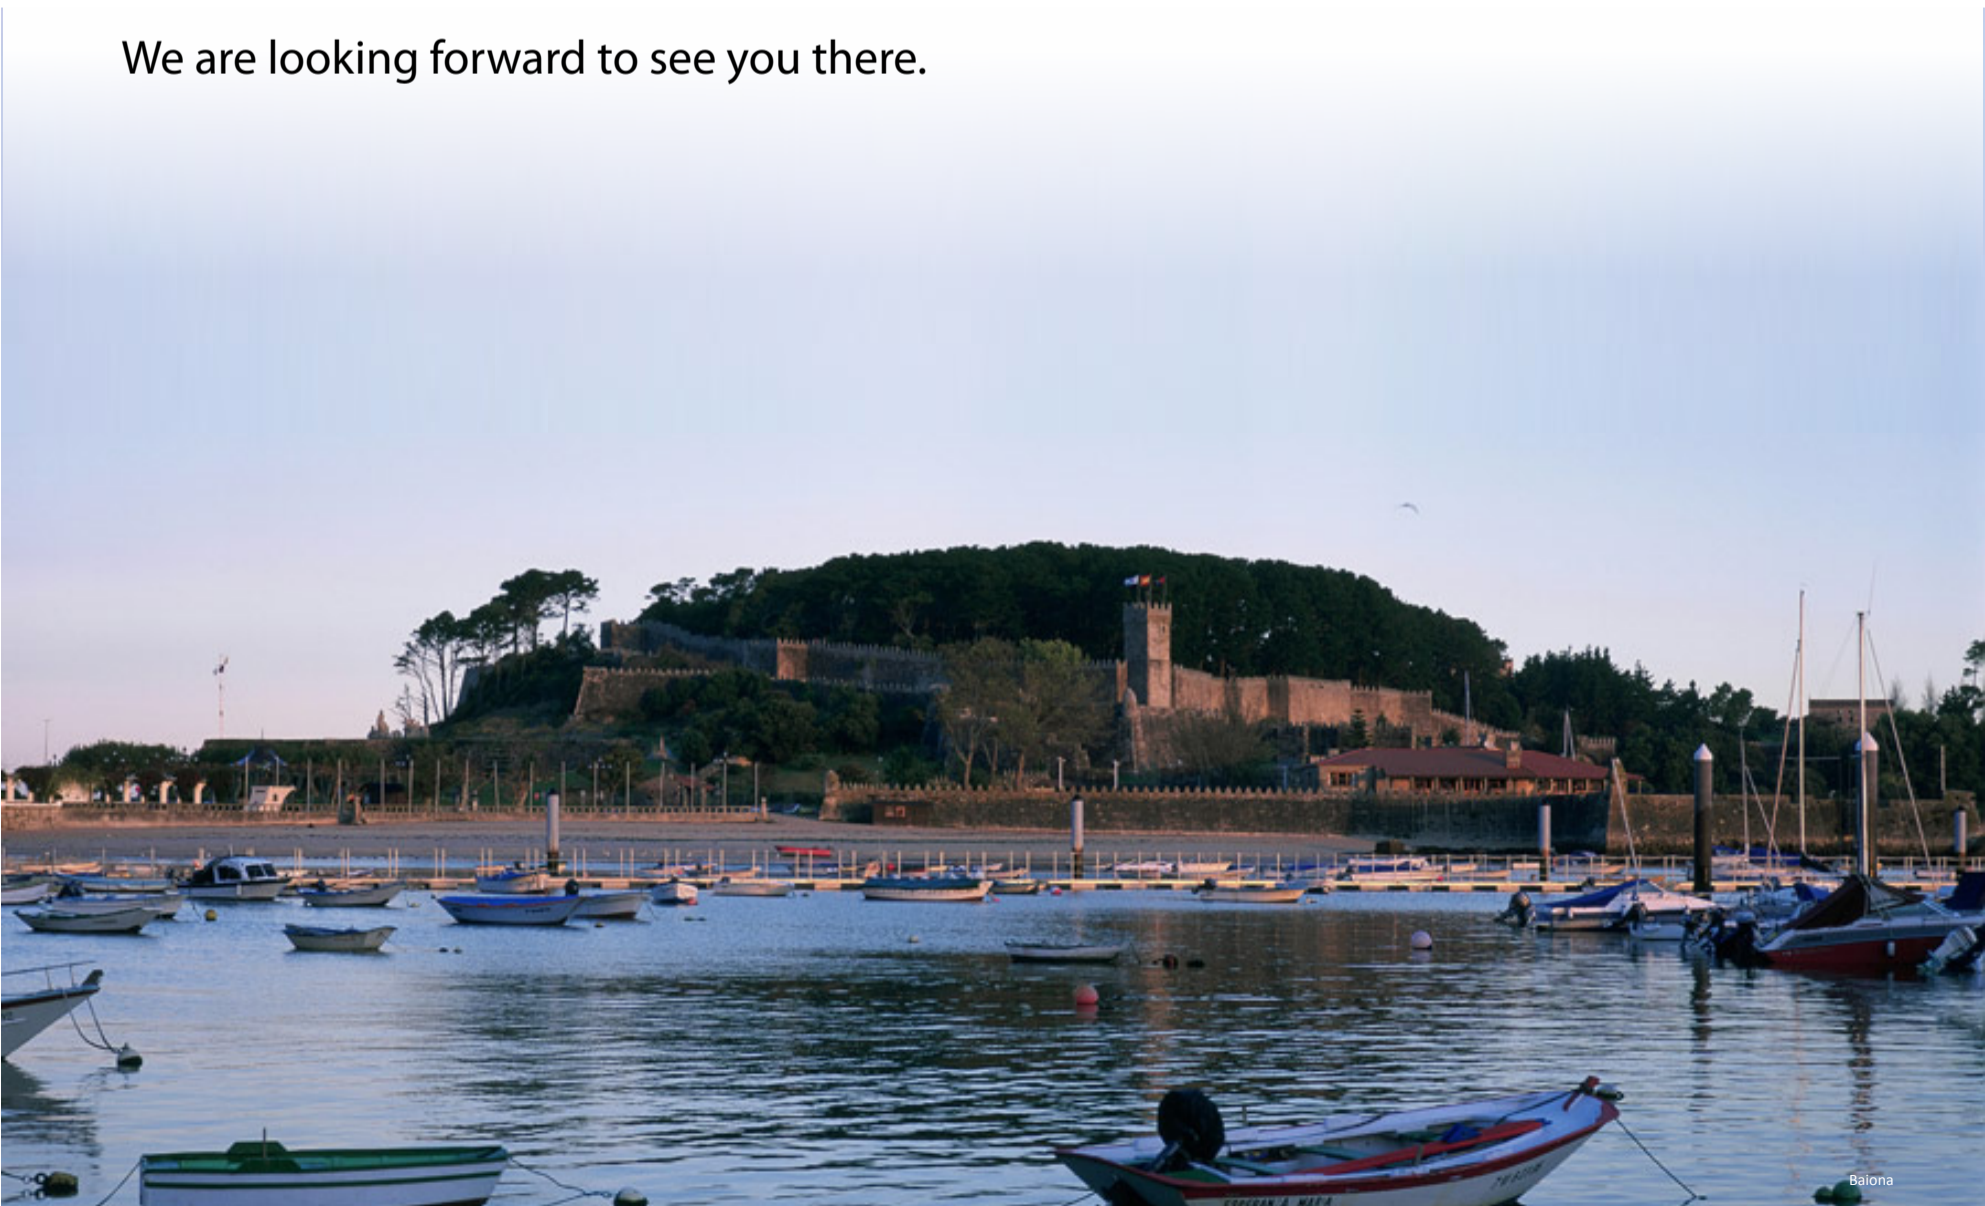

Always surrounded by the concepts of the EN ISO 12354 we are taking a tour over the main features of SONarchitect ISO that ends in the creation of a **real** project.

The workshop will consist of two intense work days and two relaxing evenings in the Galician city of Baiona, just in front of the heavenly National Park of the Atlantic Islands, enjoying the food, wheather and landscape.

The venue will be the Hotel Parador de Baiona, inside of Fortaleza de Monterreal, a XVIth century stronghold.

Make your reservation before June 6th. Limited availability. Contact us for more information.

We are looking forward to see you there.
